RECYCLING FACTS

- ◆ Half of all polyester carpet manufactured in the US is made from recycled soda bottles.
- ◆ Recycled plastic is also made into plastic lumber, clothing, flower pots, insulation for sleeping bags & ski jackets, car bumpers and more.
 - ◆ Recycling one aluminum can saves enough energy to run a TV for three hours -- or the equivalent of a half a gallon of gasoline.
 - ◆ An aluminum can that is thrown away will still be a can 500 years from now!
 - ◆ There is no limit to the amount of times an aluminum can be recycled
 - ◆ If all our newspaper was recycled, we could save about 250,000,000 trees each year!
- ◆ A modern glass bottle would take 4000 years or more to decompose -- and even longer if it's in the landfill.
- ◆ A typical family consumes 182 gallons of soda, 29 gallons of juice, 104 gallons of milk, and 26 gallons of bottled water a year. That's a lot of containers – make sure they're recycled!

***HOLIDAYS: The transfer station is closed on the following Holidays:
 New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving and Christmas***

* All Credit Card transactions must be over \$10.00
